## **SpecSure®**

### **Guaranteeing the future of drywall and ceilings**

SpecSure® is a unique warranty that guarantees that Saint-Gobain Gyproc proprietary systems, as listed here [www.gyproc.co.za](http://www.gyproc.co.za), will perform to the parameters published in our current literature for a 10-year period, from date of purchase, and provided that the system in question is installed as advised, using the recommended Saint-Gobain Gyproc products.

### **SpecSure® is your guarantee that the systems you have chosen:**

- ▶ Comprise of the highest quality components, designed to work together to deliver the specified level of performance.
- ▶ Are supported, if required, by South Africa's leading drywall and ceiling specialists, at every stage of the project, offering technical expertise and support both on and off site.
- ▶ Have been tested in accordance with the current standards in accredited laboratories, and site tested to demonstrate installation integrity and simplicity.
- ▶ Will perform to published parameters as indicated in Gyproc technical specifications.

“Supported by South Africa’s leading drywall and ceiling specialists, at every stage of the project, offering technical expertise and support both on and off site.”

GYPROC SYSTEMS  
WARRANTY

### To qualify for SpecSure®

- ▶ The customer must specify and install Saint-Gobain Gyproc systems in line with the recommendations in the current literature.
- ▶ The systems must be exclusively comprised of genuine branded Saint-Gobain Gyproc components, tried and tested over many decades in some of South Africa’s most prestigious buildings.
- ▶ Saint-Gobain Gyproc cannot guarantee that the use of other manufacturers’ components will meet our rigorous performance and quality standards when installed in our tested systems, and consequently the SpecSure® warranty will not apply if any other components are specified and installed in the relevant system.
- ▶ The following Gyproc products are not covered by the SpecSure® systems warranty: Gypframe®, Essential Range, Gypline® Range, and Gyprex® L (6.4 mm).
- ▶ Please make sure to refer to our online SpecSure® document for updated information, available at the following link: [www.gyproc.co.za/legal-notices](http://www.gyproc.co.za/legal-notices)

### Saint-Gobain Gyproc is:
